

Dear Patient:

Please fill out the enclosed forms and bring them with you at the time of your consultation. This will assist both the nurse and the doctor during your consultation.

If there are portions of these forms of which you are unsure, please feel free to seek assistance in completing those areas when you come for your visit.

Unless otherwise discussed with you, we will have your medical records faxed to us from your referring physician, surgeon or medical oncologist as well as the medical records department here at Capital Health (if applicable).

If you have had x-rays done at another facility, please make arrangements to get these either on disk along with the reports and bring them at the time of your visit. If, however, all of your x-rays were done at CHS (Hopewell, Hamilton or Fuld Campus) we will have them here for the doctor to review at the time of your consultation.

Try not to forget either the forms or the x-rays as they are very important for your consultation.

The parking at Hopewell Oncology parking is LOT C. You may park in any of the spots there. If the weather is inclement, the hospital provides **FREE** valet parking at the Cancer Center entrance as well as the main entrance.

If you have additional questions, require additional information or need assistance in any way, please do not hesitate to contact our office at 609-303-4244.

Thank you
